Name:  
YIP CHUN YU

Comments:

1. Hong Kong Government should negotiate with central government in order to regain the right to approve mainland immigrants
2. HK Government should impose operational criteria when approving mainland immigrants; such criteria include but not limited to personal asset and skill set. HK government should avoid approving low value added immigrants from China who merely wants to take advantage of our social benefits and resources
3. HK Government can consider importing southern asia immigrants e.g. Philippine, Indonesia,
